

Student Grants

The organizers are pleased to announce that a number of bursaries are available to postgraduate students and young postdoctoral scientists to attend the 10th Sensometrics meeting **past** | **present** | **future**.

These will cover Student registration fees and are offered on a competitive basis based on a submitted Speed-dating presentation (preferred) or oral or poster presentation.

Travel and accommodation will still be required to be paid by the student.

Conditions

- Applicants must submit an abstract for a Speed-date presentation (8 minutes max) or oral or poster presentation
- Applicants must be undertaking a postgraduate degree, or be within four years of receiving their PhD
- Applicants must also submit a brief CV
- Applicants for bursaries will be informed of a decision via e-mail by early May, 2010

Abstracts will be judged on the basis of scientific quality by a sub-committee of the organizing committee. Bursaries will be awarded at the conference.
